Life Is On

Schneider APC battery

RBC123

## Benefits

### PRODUCT ADVANTAGE

It is specially designed for UPS of ISP company to realize full compatibility with intelligent battery management system.

Fully assembled, convenient hot plug installation convenient, simple, green and environmentally friendly

ELITE PARTNER

## Benefits

Apsara stack RBC is safe and reliable, and contains the lowest number of wiring, thus saving valuable time. Because RBC of apsaradb for RBC supports hot plug, it can be installed without network downtime.

### Features and advantages of replacing battery Cartridge

#### Compatibility

Guaranteed UPS compatibility

It has passed the test and certification required to restore the UPS performance produced by your ISP company. Maintain UPS safety certification (UL, VDE, CSA) and lifetime equipment protection policies (if applicable).

#### Long battery life

It is specially designed for UPS of Shi Naide electric company, which is a subsidiary of the company, to realize the intelligent battery management system.

Fully compatible.

#### Ease of use

Fully assembled for hot plug installation

Apsara stack RBC is safe and reliable, and contains the lowest number of wiring, thus saving valuable time. Because RBC of apsaradb for RBC supports hot plug, it can be installed without network downtime.

Reusable packaging with clear instructions on how to properly dispose of waste batteries.

Convenient, simple, green and environmentally friendly.

Prepaid postage to nearby recycling partners (availability varies by country)

Ensure that almost 100% of old batteries are recycled to protect the environment.
